The leading cloud-based payslip provider

PayDashboard is a digital payslip portal that integrates with your existing payroll software to deliver online payslips, PAYE forms and payroll data.

Implementing PayDashboard alongside your existing HR or Payroll software allows you to unlock a wealth of additional features to help to educate and engage with your employees, while still offering your payroll team a solution that is practical and functional. Whether you want improved time or cost efficiencies, or to help your employees to understand their pay, PayDashboard is the best pay data solution for your business.

Reduce HR queries. Improve engagement. Elevate your brand.
